MEMORANDUM FOR: Project Director

SUBJECT: Exchange of TALENT ELINT

50X1

50X1

1. The Ad Hoc Requirements Committee has considered the proposal of the CIA ELINT Staff Officer that ELINT materials derived from AQUATONE be made available to on the ground that this would be of mutual benefit.

50X1

2. The Ad Hoc Requirements Committee recommends that you approve the following:

a. That CIA make available the technical ELINT reports which are considered raw intelligence as read from the tapes. The CIA ELINT Staff Officer, Dr. Clark, will arrange to maintain and circulate to the agencies a roster of all exchanges reported.

50X1

b. That each agency be permitted to exchange finished intelligence reports based on ELINT with its opposite number with the condition that each initiating agency is responsible for maintaining a register of such exchange including title and date of exchange.
